

Common Sense Parenting Workshop

A six-session certified and proven workshop developed by Boystown, USA, that has helped thousands of parents to walk the talk in raising responsible children. Parents will gain or have their confidence reinforced as they discover and practice a practical approach and method to managing behaviours and guiding children in the choices that they make. Parents will also receive opportunities to use the easy-to-learn skills throughout the workshop.

Parents will Learn the Following and More:

- How to identify and address behaviours without sacrificing the dignity of your child.
- How to **identify positive** and **negative behaviours** and consequences meaningful to your child and how to use these consequences with maximum benefit.
- How to **set realistic and suitable expectations.**
- How to **maximise teaching to correct a problem behaviour** or to prevent a problem.
- How to **practice self control** and teach it to your child.

Some Comments from Parents:

"I saw a great improvement in the behaviour of my child. Now he listens to me and follows instructions without arguing or throwing tantrums."

"I was lost and confused before I took the workshop. Now there is no need to panic anymore; I can overcome the difficulties. Using Preventive Teaching helps my child know what to do. The Staying Calm Plan helps both of us to stay in control when we are upset."
